

Portable Card Counters

PRIMUS Series

PRIMUS C-12

- Card Counter for
- Non-transparent cards

PRIMUS C-12 DT

- Card Counter for non-transparent cards
- With data recording

PRIMUS TC-12 DT

- Card Counter for transparent and
- Non-transparent cards with data recording

Top Class - Industrial Portable Card Counter Technical data:

- Applications: cards
- Card materials: ABS, PVC, PC, PET, Styrene, paper board and many more
- Card types: translucent, plain, printed, colored plastics, black core
- Card thickness: ~ 0.27 mm - 2mm (11mil. - 80mil).
- Data Transfer: USB interface for data transfer to PC (counter records data of up to 4000 counts)
- Communication: Visual display and audio signal for count result verification
- Dimensions: 150mm x 70mm x 30mm (max. L x W x H)
- Weight: 270 grams
- Operating Voltage: 3.7 V

Functions and accessoires

- Unrivalled precise and consistent counting accuracy
- Software for data transfer to a PC included
- Automatic accumulation function of individual counts up to max 9.999.999 cards
- Multilingual user interface (English, French, Spanish, German)
- Easy operation for right- and left-handed operators by symmetric operation key position
- Rugged aluminum housing designed for heavy industrial usage
- Ergonomic and modern design for convenient and safe handling of the device
- Rechargeable high capacity lithium polymer battery - (approx. 7000 counts without charging)
- Included battery charger unit
- Replacement lithium polymer battery

- (External battery charger - for counter units which must be available 24 hours/day)
